## EXPERTS IN THE FIELDS OF COMPETENCE & QUALITY

### IMPARTIALITY IN THE EVALUATION

SGS Agricultural Service offers you a flexible and impartial resource for your product development. We support you in the registration or re-registration of active ingredients/ pesticides, fertilizers and varieties. As an established and competent partner SGS has been carrying out these trials since 1993. Europe-wide network of experienced staff and sub-contractors provides the opportunity to carry out field studies under all geographic and climatic conditions and with all crops.

**ALL STUDIES ARE CARRIED OUT IN COMPLIANCE WITH THE REQUIREMENTS OF GLP OR GEP.**

### OUR CONCEPTS = YOUR ADVANTAGES

- All Services from one source
- SGS's own trial stations in the most important regions/locations of the EU on the basis of harmonised application techniques
- Established, certified sub-contractors
- Harmonised content of the Standard Operating Procedures (SOP's)
- Assumption of responsibility for partial aspects such as Study Directorship, Project Management, Field Trials, Quality Assurance, Residue Analysis, Processing Studies

### OUR SERVICES IN THE FIELD FOR YOUR GLP & GEP STUDIES

#### STUDY DIRECTORSHIP/PROJECT MANAGEMENT

- Selection of suitable locations and varieties in appropriate countries and regions
- Consultation about relevant extent of study/accreditation criteria
- Preparation of Study Plan and Amendments
- Integration of a Project Management Tool for trial supervision
- Evaluation and Reporting to the Sponsor
- Preparation of a Final Report
- Preparation of summaries for the Registration Dossier

#### FIELD TRIAL ORGANISATION

- Flexibility in case of changes in the trial procedure (GEP)
- Preparation and maintenance of field/greenhouse trials
- Carrying out of the necessary ratings
- Carrying out of applications and sampling
- Inspection of critical phases on the spot
- Determination of yield and sampling management

#### QUALITY ASSURANCE

- Quality Management in accordance with the requirements
- Inspection of critical phases
- Inspection of the test sites
- Inspection of the Study Plan and the Final Report
